Introduction

At the University of North Texas System (UNT System), we embrace the future. Energized by possibilities not yet explored, we collaborate across institutions, disciplines, and industries – creatively implementing innovative solutions that elevate the North Texas region and entire state of Texas.

As Dallas-Fort Worth's regional leader in higher education, the UNT System is setting a new standard for North Texas and beyond – creating opportunities and meeting workforce needs through industry-aligned degree programs, forward-thinking educational delivery methods and groundbreaking research and discoveries.

Under the new leadership of Chancellor Michael R. Williams, momentum across the UNT System is stronger than ever and our institutions are synergized around a unified vision to deliver solutions for Texas – particularly through leveraging emerging technology, public-private partnerships, engaging community leaders and stakeholders, and above all, service to our students, faculty, and staff.

The UNT System includes the University of North Texas (UNT) in Denton, the University of North Texas Health Science Center at Fort Worth (HSC) and the University of North Texas at Dallas (UNT Dallas). Across the system, we have grown 15% over the last five years to serve over 50,000 students, and our flagship institution is now the largest and most comprehensive university in North Texas and the fourth largest in our state.

With campuses in Dallas, Denton, Fort Worth, and Frisco, we are committed to our business community through trusted partnerships with the many globally recognized companies based in North Texas. As entrepreneurial-minded innovators, scholars, and solution-oriented problem-solvers, the UNT System is ready to help build the workforce Texas needs to meet the demands of our new economy.

UNT, our flagship institution in Denton, is a Carnegie Tier 1 institution committed to the creation and advancement of innovative research, and promoting student success and scholarship and has defied national trends by growing its enrollment more than 8% over the last two years. Academic and research excellence continues to be a focus for UNT, which now has 21 programs ranked in U.S. News & World Report's Top 100. UNT is committed to graduating its students into the workforce with credentials of value and has increased the number degrees awarded by 15% over the last 4 years to an institutional high of 10,541 students last year. UNT has also reduced time-to-degree for its students, and since 2014, has reduced the percentage of graduates with student loan debt by almost 10%. Strategically addressing the region's growth and increasing employer partnerships is a top priority, with construction beginning on the first permanent building for the new Frisco campus extending UNT's student outreach, research efforts, and connectivity to regional industry partners.

The HSC, our health sciences and graduate medical school in Fort Worth, continues to establish itself as a health care leader in Tarrant County through community partnerships and academic and research excellence. HSC was ranked first among U.S. medical schools by the George W. Bush Institute for innovation impact productivity, converting research inputs, such as research spending, into patents, licenses and startups. HSC continues to focus on innovative health care solutions, including a partnership with Tarrant County, the City of Fort Worth, and Goff Capital to start a physical therapy-focused accelerator program. The Institute for Patient Safety (SaferCare Texas) at HSC recently launched and is the first in Texas aligned with the federal Patient Safety and Quality Improvement Act. Research awards at HSC have nearly doubled since the last legislative session with the National Institutes of Health (NIH) awarding \$100 million to HSC to lead the coordinating center for the Artificial Intelligence/Machine Learning Consortium to Advance Health Equity and Researcher Diversity.

UNT Dallas is the only public four-year university in the city of Dallas. Since its establishment in 2010, UNT Dallas' mission has been to empower students, transform lives, and strengthen communities. UNT Dallas educates more than 3,700 students of which 70% are first-generation, 84% are either Hispanic or Black, and many are from

modest household income families. With enrollment growing more than 70% from 2015 to 2021, UNT Dallas continues to be one of the most affordable public four-year universities in North Texas and was named a Best College for Social Mobility by U.S. News & World Report. Through continued financial support from the legislature, UNT Dallas' Trailblazer Elite program provided targeted, wraparound support services for first generation students to help them earn a credential of value and be prepared to enter the workforce.

Now more than ever, Texas needs institutions of higher education to develop and train its high-skilled workforce for a prosperous future, and the UNT System is committed to growing this educated workforce and creating economic opportunity for Texans and their families.

UNT System Legislative Priorities

The UNT System and our three institutions are uniquely positioned to meet the academic, healthcare, research and workforce demands of our region and the state. With strategic support from the 88th Texas Legislature, we will continue to be the higher education leader for North Texas, delivering innovative, collaborative educational opportunities and providing a meaningful return on the state's investment.

The UNT System is located within one of the fastest growing metropolitan regions in the country, and our student enrollment reflects that growth. We respectfully request the Legislature increase investment in general academic and health related formula funding to address statewide enrollment growth. The funding formulas are the most effective way of directing state funding into the classroom to support Texas students. This additional formula funding is essential to providing high-quality, affordable higher education to our growing student population and producing the educated workforce required to meet the workforce needs of our state and region.

We support the priorities established at each UNT System institution, which are identified and discussed in further detail within their respective legislative appropriations request. These institutional requests include programs to support students from classroom to career, the development of innovative healthcare delivery models, and cutting-edge collaborative research to address supply chain issues.

We are deeply appreciative of the significant investment the 87th Legislature made to support Capital Construction Assistance Projects (CCAPs) at our three institutions. We are excited about the improvements these CCAP projects will facilitate, and look forward to partnering with the legislature on continued capital needs in the future. We also appreciate the 87th Legislature's commitment to our state's Comprehensive Regional Universities, including UNT Dallas. We support continued funding of the new CRU formula, which focuses on at-risk degree production.

As record-breaking inflation places additional strain on students and their families' budgets, the state's financial aid programs will be even more critical to helping all Texans access higher education and graduate into the workforce with manageable student debt. Therefore, UNT System respectfully requests the Legislature prioritizes funding to TEXAS Grants and other state financial aid programs.

Finally, the UNT System requests the state's share of Higher Education Group Insurance premium contributions for state employees be maintained. Already funded at less than 100 percent, further reductions in group insurance contributions require institutions to divert funding that would otherwise be used to support our students.

Programs Recommended for Consolidation or Elimination by THECB

Pursuant to Sec. 61.0512(f) Education Code, one program at UNT was recommended for consolidation or elimination by the Texas Higher Education Coordinating Board:

UNIVERSITY OF NORTH TEXAS ACCOLADES

- With more than 44,000 students and 244 degree programs, UNT is the largest and most comprehensive institution of higher education in the North Texas region and 4th largest in the state.
- UNT is a Carnegie R1 research institution and one of only 20 Hispanic Serving Institutions (HSI) in the country.
- Since 2012, UNT has produced over 93,000 degree holders, equating to an economic impact of \$4.7 billion in potential annual earnings.
- Over the last five years, UNT has increased the number degrees awarded by 15% and had meaningfully reduced time-to-degree for its students by improving graduation rates.

UNIVERSITY OF NORTH TEXAS LEGISLATIVE PRIORITIES

Flagship Equity

Funding Request: \$50,000,000

In a state as large and growing as quickly as Texas, the Legislature must take decisive action to not only accommodate today's growth, but to anticipate demand and establish the talent pipeline necessary to meet the needs of tomorrow's Texas. In no place is this demand more pronounced than in the North Texas region, which is projected to grow to 10 million people over the next decade. However, despite the unprecedented educational and workforce demands in our region, state funding per student for UNT trails far behind all but one of the state's flagship institutions. Flagship Equity funding is critical to enable UNT to support high-impact programs, services, and research to meet the needs of our students, Texas employers, and the state's economy.

Center for Integrated Intelligent Mobility Systems (CIIMS)

Funding Request: \$10,000,000

Autonomous vehicle and aerial drone technologies are essential components to solving global supply chain issues, and UNT is uniquely positioned to help solve these challenges. CIIMS will accelerate collaboration among equipment manufacturers, transportation users and providers, developers and emerging technologies, creating an integrated system that merges the logistics and supply chain ecosystem. Through this center, UNT's researchers will collaborate with corporate partners and innovative start-ups to create mobility systems spanning disciplines, producing the skilled workforce needed to address complex supply chain problems, and position Texas as a global leader in the field.

UNT'S CORE STRENGTHS

Research Enterprise

UNT is committed to increasing solutions-based research to create a pipeline for technology transfer and industry partnerships, helping to sustain and create businesses and jobs, and promoting the Texas economy. We are among the top producers of doctoral students in Texas and the nation, have seen a 25% increase in new research awards, and are actively recruiting and retaining world-class faculty and researchers to ensure our research strengths match industry needs.

Student Success

UNT's top strategic priority is promoting student success and ensuring our students graduate into the Texas workforce with credentials of value. Through our award-winning student financial management program and comprehensive career and professional development efforts, UNT continues to increase retention and graduation rates, shortening time-to-degree and creating a more efficient talent pipeline.

High-Skilled Workforce Development

Located in one of the fastest growing metropolitan areas of the state and largest Fortune 500 company destination in Texas, UNT supports competitive academic programs in high-demand fields, including Data Science, Engineering, and Business, to meet the growing high-skill labor demands in the North Texas region.

UNIVERSITY OF NORTH TEXAS AT DALLAS ACCOLADES

- UNT Dallas is the only four-year public university in the city of Dallas, providing increased access to higher education for students where 70% are first-generation.
- With a student body that is 84% minority, UNT Dallas is recognized by the U.S. Department of Education as both a Minority Serving institution and a Hispanic Serving Institution.
- UNT Dallas College of Law was fully approved for accreditation by the ABA in February 2022.
- Targeted student success efforts, particularly in support of first-generation college students through Trailblazer Elite, have led to increased retention rates.

UNIVERSITY OF NORTH TEXAS AT DALLAS LEGISLATIVE PRIORITIES

Classroom to Career (C2C)

Funding Request: \$10,000,000

The COVID-19 pandemic has had devastating impacts on college readiness, learning, and student success especially with low income and underrepresented student subgroups – the same students UNT Dallas serves. C2C is a comprehensive commitment to meeting our students where they are and ensuring they graduate with the education and skills needed to succeed in an increasingly demanding job market. Funding will be used to support initiatives to address learning loss and create college ready students, expand the teacher pipeline, and increase competitive credentials.

Addressing Healthcare Industry Shortage

Funding Request: \$1,500,000

The healthcare industry in southern Dallas County is facing a major shortage in qualified workforce to serve increasing patient demands and the region's rapid population growth. Given the capabilities added through the new STEM building and the increase in science majors on campus, funding to support healthcare-related academic programming and internships is an essential component in UNT Dallas' effort to increase opportunities for students to enter into these high-demand healthcare fields.

UNT DALLAS' CORE STRENGTHS

Affordability

UNT Dallas offers the most affordable Bachelor's, Master's, and Juris Doctorate programs in the Dallas region, evidence of our commitment to keeping our students' debt low. UNT Dallas is nationally recognized for students graduating with little to no debt.

Community Partnerships

UNT Dallas works closely with our K-12, business, and community partners to ensure we are best meeting the needs of the region. Serving a high-need population of mostly first-generation students requires active collaboration to ensure student success.

Socioeconomic Mobility

UNT Dallas is committed to improving educational attainment for the region, recognizing bachelor's degree attainment and beyond leads to far greater lifetime earnings, longer life expectancy, and a higher quality of life. UNT Dallas provides actionable education and workforce training programs to accelerate and improve outcomes for first-time college students, many of whom are coming to UNT Dallas to reset their careers and rebuild their lives.

Law School

Our law school provides a hands-on legal education to diverse and highly motivated student lawyers and is the only law school in North Texas currently accepting first-year law student in both full-time and part-time programs. UNT Dallas College of Law provides affordable access to education with an annual tuition that is significantly lower than all other law schools in Texas.

UNT HEALTH SCIENCE CENTER ACCOLADES

- One of the nation's leading health science centers with areas of focus in rural health, substance abuse/mental health, human trafficking, health disparities, Alzheimer's, genomics, and infectious diseases.
- HSC's Texas College of Osteopathic Medicine (TCOM) leads Texas in producing primary care physicians and was named by U.S. News and World Report as the No. 1 D.O. school nationwide for primary care.
- HSC's Texas Center for Health Disparities is one of only 12 Specialized Centers of Excellence in Minority Health and Health Disparities in the country, and the only one in Texas.

UNT HEALTH SCIENCE CENTER LEGISLATIVE PRIORITIES

Healthcare & Workforce Readiness

Funding Request: \$21,500,000

HSC is committed to improving health workforce readiness in order to transform care delivery and address health disparities across Texas. This initiative will: expand pipelines of critical, front-line health professions; deploy alternative micro-credentials to upskill and reskill existing health workforce; and partner to deploy innovative, entrepreneurial care models infused with digital technologies to train the next generation of healthcare workforce. Funding will support the following efforts to ensure a talent-strong healthcare workforce in Texas: (1) pipelines for the healthcare professionals of tomorrow; (2) healthcare workforce readiness; and (3) innovative workforce training hubs.

Digital Health & Therapeutics

Funding Request: \$10,000,000

The rapidly growing prevalence of chronic illness, stretched budgets, coupled with aging populations, exert strain on families and health systems. Technologies produce greater access to care through wearable devices, sensors, or telemedicine leading to more informed decisions. This Digital Health Initiative will expand digital health infrastructure and systems, integrate technology-enabled care allowing consumers to access and manage their health proactively, and optimize quality and safety strategies. The funds will be used to increase access to care via the following: (1) regional virtual health care; (2) mobile health enterprise; and (3) behavioral medicine capacity and rapid response.

UNTHSC'S CORE STRENGTHS

Primary Care in Texas

TCOM is a leader in helping to reduce the shortage of physicians in Texas communities. Among all Texas medical schools, HSC has the highest percentage of medical students entering primary care (64 percent) and over 50 percent of TCOM graduates choose to complete their residency in Texas. Additionally, our Rural Osteopathic Medical Education of Texas (ROME) offers innovative medical education programs that prepare our students for life and medical practice in rural environments where physician shortages are most acute.

Institute for Translational Research

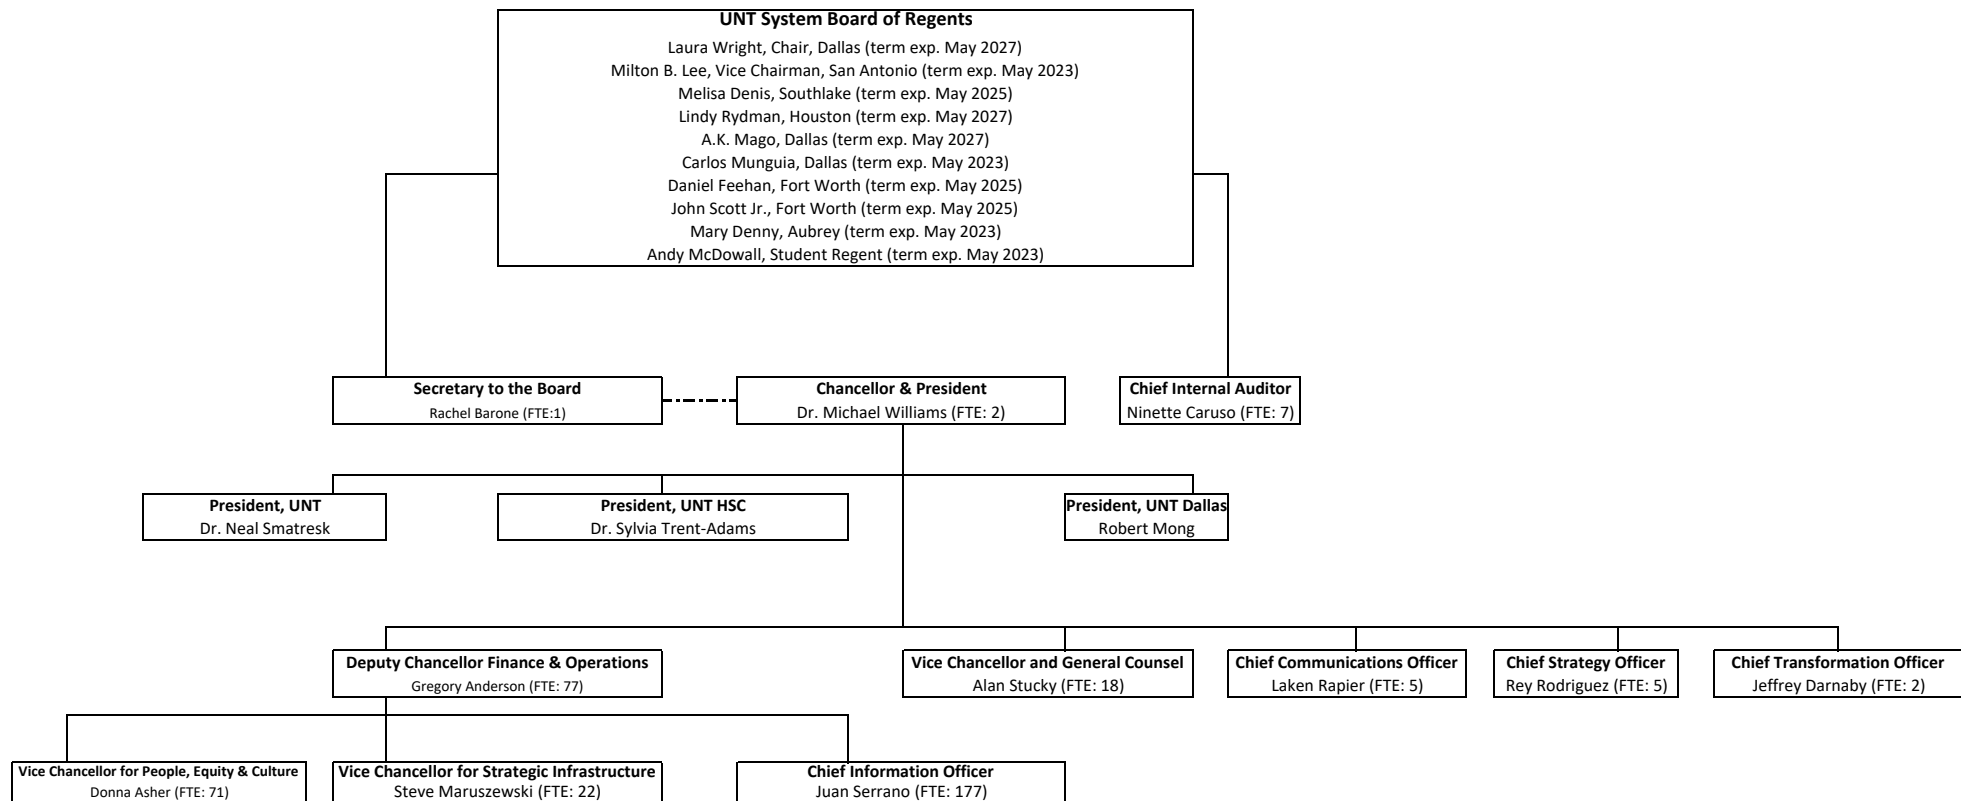

HSC is a statewide leader in both aging and Alzheimer's research, making significant advances in prevention, treatment and care, with a unique focus in understanding biology of health disparities among racial minority populations. Through innovative translational research, ITR improves outcomes and accelerates research breakthroughs, enhancing the quality of life for patients and their families.

Center for Human Identification

Comprised of world-class experts in forensic genetics, forensic anthropology, database development and management, and information technology, CHI is recognized globally as a premier institution for human identification. Working with the FBI and other state and local law enforcement agencies, the CHI team performs forensic DNA casework, identifies human remains, manages missing persons programs, fights human trafficking and trains students, scientists, law enforcement personnel and the legal community.

The UNT System Administration, founded in 1999, provides governance and service to the UNT System component institutions in the areas of law, finance, audit, academic affairs and student success, facilities and construction, governmental relations, human resources, and information technology. Chancellor Michael Williams has led the UNT System since November 2021, and is supported by a Deputy Chancellor, a Vice Chancellor, a Chief Internal Auditor and 3 Chief Officers.

- Provides executive leadership;
- Represents the University of North Texas System and its component institutions in all legal matters;
- Leads the development of educational mission, policy, and programs and facilitates and coordinates new initiatives and academic and student affairs planning and implementation;
- Oversees system-wide financial planning and analysis, including coordination of the annual institution budgets within the UNT System;
- Supervises compliance with federal, state, and local laws and with Board of Regents policies;
- Provides a full range of professional design, development and management support for facilities planning and construction;
- Establishes state and federal legislative and policy priorities for the System in collaboration with the Board of Regents institutional leadership and engages constituencies and stakeholders at all levels of government on issues impacting higher education;
- Coordinates relationships with the region’s communities and organizations and other university systems.

The Federation of North Texas Area Universities is a consortium comprised of the University of North Texas (UNT), Texas A&M University at Commerce (TAMU-C), Texas Woman's University (TWU).

The Federation was mandated in 1968 by a resolution of the Texas Higher Education Coordinating Board (THECB) for the purpose of forming a cooperative arrangement among three north Texas institutions: UNT, TAMU-C, and TWU. The purpose of the Federation is to promote cost-effective responses to the expressed need for graduate education in the rapidly growing North Texas region while avoiding unnecessary duplication of faculty, course offerings, and degree programs. The Federation is governed through bylaws and procedures that are approved by the THECB. In 1988, the THECB conducted an assessment of all non-research special items. In its report to the Texas Legislature, the THECB concluded, "The Federation is the type of cooperative activity between universities that the Coordinating Board has sought to encourage. Special item funding is a cost-effective way to pay for such an effort."

The Universities Center at Dallas (UCD) is a Multi-Institution Teaching Center (MITC). Its mission is to:

- Serve as a location for a number of institutions, designed to allow the institutions to deliver a part of their usual academic programs offered on their main campuses at the UCD site in downtown Dallas;
- Not be a free-standing college or university, nor to seek accreditation for courses or programs separate from the accreditation provided for courses and programs on the participating institutions' main campuses;
- Provide coordinated offerings among participating institutions to work to combine offerings across institutional programs ; and
- Be subject to the educational decision making procedures of each of the participating institutions in matters concerning courses and educational programs provided by that institution.

<p>Health and Human Services Commission, Rider 143</p>	<p align="center">II-95</p>	<p>143. Reporting Requirement: COVID-19 Funding to Nursing Facilities and Hospitals. Out of funds appropriated above in Strategy B.1.1, Medicaid Contracts and Administration, the Health and Human Services Commission (HHSC) shall develop a report detailing the total value and uses of COVID-19-related Federal Funds, including Provider Relief Funds, provided directly to nursing facilities and hospitals contracting with HHSC, <u>other than a health related institution of higher education</u>, since the beginning of the public health emergency. The report should include any temporary rate increases provided to nursing facilities related to the COVID-19 pandemic. Any facilities that do not provide information requested by the commission necessary to complete the report shall be identified in the report. The first submission of the report shall also include a description of any requirements implemented for nursing facilities in response to the COVID-19 pandemic, the cost to nursing facilities to implement the requirements, and recommendations on whether or not the requirements should be continued after the end of the public health emergency. HHSC shall submit the report to the Governor, Legislative Budget Board, and any appropriate standing committee in the Legislature on December 1st and June 1st of each fiscal year. The format and content of the report shall be specified by the Legislative Budget Board and posted on the HHSC website. Appropriations in Strategy A.2.4, Nursing Facility Payments, for fiscal year 20253 are contingent on the submission of the reports due December 1, 20234 and June 1, 20242.</p> <p><i>UNT System requests that the reporting provisions of Rider 143 be modified to exclude health related institutions (HRIs) of higher education. HRIs already report the Provider Relief Funds as a result of Article III, Special Provisions, Rider 63. Reporting to both HHSC and THECB is duplicative and may result in overcounting of federal COVID-19 support at the statewide level. In the event that the exclusion is not granted, then UNT System believes that HHSC has exceeded the authority granted it by requesting non-federal expenditure information. Therefore, the following language is requested to be added to the end of this rider as regulatory relief:</i></p> <p align="center"><u>For an institution of higher education, the report shall be limited to federal Provider Relief Funds only and may not require information on non-federal COVID-19 expenditures.</u></p>

Over the last several years, there have been significant delays in the Comptroller audits, making it difficult to finalize the appropriation transfer process. There is appropriated to each eligible institution of higher education for the biennium ending August 31, 2023, an annual distribution amount from the Permanent Fund Supporting Military and Veterans Exemptions to offset the cost to each institution of higher education of the exemptions required by Education Code, Sec. 54.341(k). The annual distribution total from the fund shall be determined by the Texas Treasury Safekeeping Trust Company. The annual distribution from the fund shall be distributed to eligible institutions in proportion to each institution's respective share of the aggregate cost to all institutions of the exemptions required by Education Code, Sec. 54.341(k), as determined and approved by the Legislative Budget Board. The determined distribution allocations shall be considered approved unless the Legislative Budget Board issues a written disapproval within 30 business days after the date the Legislative Budget Board staff concludes its distribution calculations and forwards the distribution calculations to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Appropriations made in this Act for formula funding for general academic institutions will consist of four<u>the following</u> formulas and supplemental items.</p> <p>1. Instruction and Operation Formula. The Instruction and Operations Formula shall provide funding for faculty salaries, including nursing, departmental operating expense, library, instructional administration, research enhancement, student services, and institutional support. These funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour for the 20242-253 biennium is \$59.45<u>55.66</u> in fiscal year 20242 and fiscal year 20253.</p> <p>Weighting is determined by the following matrix:</p> <p>(matrix and paragraph 2 omitted for space considerations)</p> <p>3. Infrastructure Support. Funding associated with plant-related formulas and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for universities' educational and general activities produced by the Space Projection Model developed by the Coordinating Board. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy. The average rate per square foot is \$5.84<u>5.47</u> in fiscal year 20242 and fiscal year 20253.</p> <p>4. Supplemental Non-formula Items. Institutions shall receive a direct reimbursement as applicable for staff group insurance (other educational and general income portion), workers' compensation insurance, unemployment compensation insurance, public education grants, organized activities, scholarships, tuition revenue <u>capital construction assistance projects</u> bond payments, and facility lease charges. Institutions may receive an appropriation for non-formula support items. Revenue derived from board authorized tuition would still be appropriated to the institutions levying the additional charges.</p> <p>(no requested changes to Paragraphs 5 except routine updates)</p> <p>6. Small Institution Supplement. The Small Institution Supplement, as a set-aside within the General Academic Institution Infrastructure Formula, shall provide supplemental funding to general academic institutions with headcounts of fewer than 10,000 students. For the 20242-253 biennium, general academic institutions with a headcount of fewer than 5,000 students shall receive a small institution supplement of \$2,812,342<u>2,633,133</u>. The small institution supplement shall decrease proportionate to the increase in headcount above 5,000 until the institution reaches 10,000 headcount. B. Assessment of Attainment of HUB Procurement Goals

Attainment:

The University of North Texas System (UNT System) attained or exceeded 2 of 5 of the applicable statewide HUB procurement goals in fiscal year 2020. UNT attained or exceeded 3 of 5 of the applicable statewide HUB procurement goals in fiscal year 2021.

Applicability:

The category of Heavy Construction is not applicable to the agency's operations because we do not have programs or projects related to this field. Any spending in this category represents a miscoding during the procurement phase.

Factors Affecting Attainment:

UNT System Administration makes many specialized purchases and contractual agreements throughout the fiscal year which do not normally include sufficient opportunity for HUB utilization. The expenditures include banking/finance, government relations, and consulting. These and other services often require specialized knowledge, skills and experience. Due to the specialization required, and the Small Business Administration size limits associated with the HUB program, there are few, if any, HUB vendors in these fields.

C. Good-Faith Efforts to Increase HUB Participation

Outreach Efforts and Mentor-Protégé Programs:

For the 2020-21 biennium, UNTS had 14 current mentor-protégé relationship and have 560 instances of community outreach with another 300 instances of institutional in-reach. UNTS took nine representatives from across our System to Senator West's Spot Bid Fair and will continue our presence at future events.

HUB Program Staffing:

The UNTS is well staffed to meet the needs of our HUB program. UNTS employs a Chief Procurement Officer, Sr. Director and System HUB Coordinator, Assistant HUB Coordinator, and a HUB Specialist that support HUB operations across the System. In addition, we have recently stood up a Strategic Sourcing team that have as part of their job duties and performance appraisal, a significant proportional dedication to HUB to ensure we are considering HUB from inception of a purchasing requirement. Each UNTS institution have various staff members that support institutional HUB initiative as well .

Current and Future Good-Faith Efforts:

At UNTS, we are devoted to a "Think HUB First" strategy in all procurement related activities. As stated in the HUB program staffing, we have ample support across our System in dedicated and proportionally dedicated staff to ensure that HUB is considered in every aspect of our procurement strategy . Some strategies we are considering implementing are Net15 payment terms to help HUB suppliers with cash flow requirements; requiring three HUB quotes instead of the currently required two; and requirements to use HUB vendors for purchases under a specified dollar amount. These are just a few of the strategies that UNTS is considering to ensure we continue to be a statewide leader in HUB utilization.

The Federation of North Texas Area Universities

(1) Year Non-Formula Support Item First Funded:	1982
Year Non-Formula Support Item Established:	1982
Original Appropriation:	\$1

(2) Mission:

The Federation of North Texas Area Universities (The Federation) is a consortium of the University of North Texas (UNT), Texas A&M University at Commerce (TAMU-C), and Texas Woman's University (TWU). The Federation was mandated in 1968 by a resolution of the Texas Higher Education Coordinating Board (THECB) for the purpose of forming a cooperative arrangement among three north Texas institutions: UNT, TAMU-C, and TWU. The purpose of The Federation is to promote cost-effective responses to the expressed need for graduate education in the rapidly growing North Texas region while avoiding unnecessary duplication of faculty, course offerings, and degree programs. The Federation is governed through bylaws and procedures that are approved by the THECB. In 1988, the THECB conducted an assessment of all non-research special items. In its report to the Texas Legislature, the THECB concluded, "The Federation is the type of cooperative activity between universities that the Coordinating Board has sought to encourage. Special item funding is a cost-effective way to pay for such an effort."

(3) (a) Major Accomplishments to Date:

1. Provide a wider range of programs than would be offered by a single institution.
2. Provide professional training for faculty and graduate students through collaborative and collective workshops and institutes.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Expand the number of federated courses offered.

Universities Center at Dallas

(1) Year Non-Formula Support Item First Funded:	1994
Year Non-Formula Support Item Established:	1994
Original Appropriation:	\$1

(2) Mission:

The mission of the Universities Center at Dallas (UCD) calls for the UCD: (1) to be a location for a number of institutions, designed to allow the institutions to deliver a part of their usual academic programs offered on their main campuses at the UCD site in downtown Dallas; (2) to not be a free-standing college or university, nor to seek accreditation for course or programs separate from the accreditation provided four courses and programs on the participating institutions' main campuses; (3) to provide coordinated offerings among participating institutions to work to combine offerings across institutional programs ; and (4) to be subject to the educational decision-making procedures of each of the participating institutions in matters concerning courses and educational programs provided by that institution.

(3) (a) Major Accomplishments to Date:

1. Maintained status as a Multi-Institutional Teaching Center (MITC) offering courses primarily sponsored by the University of North Texas (UNT), University of North Texas at Dallas (UNTD), and University of Texas at Arlington (UTA).
2. The UNTD College of Law is the largest inhabitant of the UCD, offering a Doctor of Jurisprudence degree at the lowest tuition rate of any institution in the State.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

The UCD will continue to host courses at participating Universities and will serve as the location of the library for the UNTD College of Law.
